

Application Instructions for Police Officer

Thank you for your interest in joining our team. I am very confident that you will be very pleased with our starting salary and benefits once you compare us with most other agencies. Our chief has worked hard and is still working to make this THE place to work. Our Starting pay has been moved up to \$39,536.45.

So, let's get you started. I suggest that you print this page so that you will have the directions in front of you as you work through the process. If you're near a computer, go to <http://www.statesvillenc.net>, that will take you to the City of Statesville's main web page. Scroll over to the Departments tab and then scroll down to employment openings (located below Human Resources) and click on employment openings. This will bring you to another page that has all our openings.

Scroll down towards the bottom of the page and you will see click [here](#) to the left of "**POLICE OFFICER APPLICATION PACKAGE**" that will give you the extra forms that you will need to complete the on-line application package.

This is an informational PDF describing the process and everything that you need to do complete the process and the required documentation.

Now go back up to the top of the page and click the highlighted portion where it says [CLICK HERE TO APPLY FOR ANY POSITIONS ONLINE](#)

This will take you to a complete list of all available openings, scroll down to Police Officer and click that.

This will take you to the Police Officer page and give you information about the position and when you scroll to the bottom you can hit the APPLY NOW and that will take you to where you need to create an account and once you do that, you just complete the application and submit it.

If you have any questions just email me or give me a call.
